

To: All Vermont Medicaid PIP/EHRIP participants
From: Siciliano, Lorraine
Sent: Friday, March 22nd, 2019
Subject: VT Medicaid PIP/EHRIP Update 3/22/19: ONE WEEK Left to Submit Applications!

To All Vermont Medicaid Promoting Interoperability/EHR Incentive Program participants:

ONE WEEK UNTIL THE SUBMISSION DEADLINE: 3/31/19

Thanks to those of you who have completed applications on behalf of Eligible Providers, and to those of you reaching out to resolve issues and facilitating application submission.

There is still time to ask questions and get assistance before the Program Year 2018 Grace Period expires!

The deadline for all Program Year 2018 Vermont **Medicaid** Promoting Interoperability/EHR Incentive Program applications is **March 31, 2019**. Call or email the PIP/EHRIP Team right away if you experience any issues when navigating the MAPIR screens. If you encounter any system errors, missing provider information, or other problems that are preventing attestation submission, **ensure that the application is started and in "Incomplete" status by 3/31/19.**

The PIP/EHRIP Team can extend the grace period for Incomplete applications while we work with you to resolve any technical issues.

Don't hesitate to contact the Vermont Medicaid PIP/EHRIP Team with any questions, and be sure to check out the [Vermont Medicaid PIP/EHRIP website](#) for important information about the program.

Thank you,
Lorraine Siciliano
